

## Principal's message

Dear Parents

Thank you to those of you who wear face coverings on the playground. At busy times of day, it can help people feel safer, particularly on the paths to and from school, and in more crowded outdoor areas in the mornings and afternoons. As instances of Covid rise within our school, and within the locality, whatever small changes we can make to help one another keep safe, will contribute to our trust in each other as a school community.

Our best wishes go out to staff, children, and family members who are currently poorly – we wish them a speedy return to good health.

Thank you for your continued support.

Ms Bromley

## Class Dojo

We are so pleased with the way this is being used to support home learning, and help communication between home and school.

Teachers and pupils working from home are really making an effort to keep up with teaching and learning using DoJo videos and the feedback function. We know home learning can be a challenge, so we've been impressed by how productive some of our Y2 children have been. Well done for keeping up with Mr Edwards's PE video sessions too.

***Please remember, if you have an urgent message or concern during the day, please phone the office as usual. Staff will be teaching, and may not necessarily check Class Dojo until later on.***

## Children in Need

It was not our usual extravaganza led by our Year 6 pupils, nevertheless we had a really fun day, planned and led by Mrs C. The final count is not complete, but so far, Ambleside has raised **£500**. The children and staff looked great in their Pudsey ears and outfits and enjoyed completing their activities. Here's some super artwork from Penguin and Owl Classes:

## Book Fair

The Book Fair was a huge success this year. You clearly value reading, and were very generous with your children's book shopping money. The classes loved browsing, and really thought carefully about what they wanted to buy to read. Altogether, you spent £1800.00 on books! This will earn Rewards for our school, which we will then spend on more books for our classroom shelves. It all helps with our goal to ensure that Ambleside Academy children are fluent readers with an extensive vocabulary.

Flu jabs mop up—Friday 4th December. For anyone who missed the first round of immunisations. Please keep a look out for the consent forms to complete online.
