Dear Parents / Carers,

We are continuing to follow Government Guidance in regards to additional precautions to take in order to keep children safe and healthy in school.

The government guidance now states that you should stay at home for 7 days if you have **either**:

- a high temperature
- a new continuous cough

This will help to protect others in our school community while children and adults are infectious.

If your child comes to school with either of the above we may call you and ask you to collect your child from school. If we ask that your child stays at home it is not because we think they are infected with Coronavirus but we are simply being cautious to keep our school community safe and well.

If you have any queries or are worried if you should bring your child to school or not then please call school for advice.

Thank you for all of your support and understanding as we continue to work together to keep everyone safe and healthy.

Kind regards,

Miss Johnson

Deputy Principal
