

Amleside Academy routines

Thank you everyone - the drop off and pick up routines are working well.

I want to avoid having to close any bubbles, so we must remain vigilant, and stick with the safety routines to keep everyone safe and healthy.

Please stay together as a family group, and use the spots to stay spaced out from each other. The playground spots are 2 metres apart.

On the Minver Gate exit and pathway, please use the spots to know that you are leaving enough space between your family group and others. This needs to be 2 metres of social distance, including when walking down the path at the end of the school day. Please keep to the left.

Inside school, the children are working hard; behaving well; and being respectful of new rules and routines. As soon as we have the consent forms back, we'll start including photographs in our communication with you, so you can see just how well they are doing. Children new to school have settled well, so we look forward to having our Reception children in full time from 5th October.

I feel really proud of our school community, and the way we are working together to make our school a good place to be.

Have a great weekend!

Ms Bromley
