

Principal's message

As we approach the final week of this first half of term, I have been thinking about the ways in which your children amaze us every day.

With changed routines, and following a long period without formal schooling, they quickly adapted to life in their 'bubbles' and showed us how sensible they can be. School is calm and orderly and behaviour is good. The children at Ambleside Academy value their learning time, and do not expect that they or their teachers will have lessons disrupted – they have high expectations of themselves and of each other – and they tell me this when we meet in our Pupil Forum.

Year 3 pupils have felt 'the big push' that they missed through being absent for Summer Term teaching and KS1 SATs. Their Y2 teachers have been checking their work, and observing them work in their Y3 classes, knowing just what they are capable of. Classes 10, 11 and 12 children are producing work of a high standard, and are a credit to their families.

Year 1 are hard at work with their phonics, Year 4 are worn out from their CoJo sessions, and Year 6 are setting an example of maturity and application to their studies.

Thank you all for your support.

Have a great weekend.

Ms Bromley

Upcoming Diary Dates:

12th—16th Oct	Y3 SATs Tests
14th Oct	Y5 Viking adventure day
15th Oct	Attendance assembly and prizes
16th Oct	Break up for half term

A MASSIVE
THANK
YOU

Our school team want to express huge gratitude to our cleaning team.

They work tirelessly throughout each day to make our school a clean and healthy place to be. Their team work, reliability and commitment is something really special.

Thank you!

Class 9

We are really looking forward to welcoming Class 9 back to school on Monday 12th. They have been working hard at home – particularly Ruya and Sophia, who have both received SHINE awards through the post for the work they have returned to their teacher.

Remember to bring your home learning packs back so you can dip into the prize box!

Their teacher has been leading learning from her home for two weeks, so will be glad to see you all again. The staff member who has been poorly is recovering but will be staying off school until she is fully well.

We all send our best wishes.

Have a look at Kinga's design for an effective Home Learning environment. What does your learning space look like at home? We'd love to see photos of your Home-School set-up!
